Hormegeddon: How Too Much Of A Good Thing Leads To Disaster

Hormegeddon is “what happens when you have too much of a good thing in a public policy context.” An example of such cases are the instances when governments apply “rational, smallscale problem-solving logic” to “inappropriately broad” situations, and as a result, create “public policy disasters.”

Hormegeddon PDF Summary - Bill Bonner | 12min Blog

“Hormegeddon” is my shorthand way of describing what happens when you have too much of a good thing in a public-policy context. Economists describe the “too much of a good thing” phenomenon as “declining marginal utility.” The idea is well known and understood: You invest money. The first money you invest produces a good return.
